WPC Co-Extrusion Wall Cladding (Outdoor) – Antique

Enhance your exterior spaces with our premium WPC Co-Extrusion Wall Cladding in a timeless Antique finish. Designed for durability and modern aesthetics, this cladding offers the perfect blend of classic wood appearance and advanced protection technology.

The co-extrusion layer provides an extra shield against harsh weather conditions, ensuring long-lasting color, resistance to fading, and protection from moisture, termites, and UV rays. Its antique tone brings a warm, vintage-inspired charm, making it ideal for outdoor walls, facades, balconies, gardens, and commercial spaces.

Key Features:

- Weather resistant and suitable for all climates
- UV and fade resistant for long-lasting color
- Waterproof and termite proof
- Low maintenance, no polishing or painting required
- Natural wood finish with a premium look
- Easy and quick installation
